

# Bence Keresztes-Nagy

FRONT-END DEVELOPER

✉ [keresztesnagybence@gmail.com](mailto:keresztesnagybence@gmail.com)

📍 Szentes, Hungary

☎ +36/30-083-70-77

## Profile

I am a front-end developer specializing in angular. I began my studies in high school and returned to continue the journey one and a half years ago, beginning with Udemy and online documentation and being advised by a senior mentor in front-end engineering.

## Employment History

### Angular developer, Offconon, London

September 2022 — January 2023

Working with three other frontend developers on component development, styling, and housekeeping improvements (husky & precommit hooks, linter setup).

### Angular developer, Addet web, Vienna

September 2022 — December 2023

Development of components, styling, bug fixes, responsibility enhancements, remote device testing, and direct alignment with owners

### Warehouse supervisor, DGP Intelsius Ltd, York

August 2017 — December 2021

Product preparation for on-line sale, including picking and prepping for transportation. Product administration, training, and supervision of a four-person team.

## Education

### High School Diploma, Information Technology, Pollák Antal Secondary School, Technical School, Szentes

2005 — 2009
